

Notes

SMArt Designz Ltd
Unit 7, Westfield Industrial Estate,
Gosport, Hampshire, UK
PO12 3RX
<https://www.smartdesignz.co.uk/>

All sizes in mm all angles in degrees and weights in Kg:

Dimension	
Gutter clear opening distance (along hinge edge)	
Gutter clear opening distance (hinge to latch orientation)	
Gutter corner radius (in clear opening)	
Gutter width (outboard of clear opening)	
Hatch thickness (at hatch edge)	
Hatch top to underside thickness	
Hatch opening angle (max)	
Strut bracket depth (lowest distance from below deck face)	
Reveal (gap round hatch when closed)	
Hatch weight (kg)	
Lift to open Effort (kg)	
Pull to Close Effort (kg)	
Hatch number/reference	
Hatch quantity (to above info)	

These figures will be used to calculate which strut or struts meet your requirements; it is important that all values are accurate
